

## UNDERWATER WORLD SEA STAR PACKAGES

NEW

### ★★★★★ SEA STAR ADVENTURE CAMP

#### Sleepover & Day Visit Experience

Combining entertainment and education, the Sea Star Adventure Camp is the ultimate all day, all night aquarium experience. Exclusive to UnderWater World, this camp gives students the Sea Star treatment, including a guided behind the scenes, access all areas tour.

The day visit gives students the opportunity to make real life connections between what they are learning in the classroom and what they are seeing and experiencing up close and personal at UnderWater World.

The evening comprises all the activities in the Sleepover Program.

### ★★★★★ SLEEPOVER [4:30PM-8:30AM]

Discover what the animals at UnderWater World get up to at night! Your class has the unique opportunity to sleep with the sharks in the 2.5 million litre Oceanarium tunnel or experience a night in the 'Weird & Wonderful Zone' surrounded by beautiful living corals, lionfish and sea dragons.

Your class will enjoy a guided tour of the aquarium, without the hustle and bustle of daily crowds.

Every evening includes:

- Interaction at the 'Touch' Pool
- Exclusive seal show
- 'Behind the Scenes tour' and animal feeding
- All meals (Dinner, supper, breakfast, optional packed lunch available on request)

### ★★★ TWILIGHT TOUR [4:30PM-8:30PM]

This new program has been created in response to teacher feedback that highlighted a need for evening educational activities.

Twilight tours provide the wonder and delight of viewing our underwater worlds at night without having to sleepover.

Take a guided tour of UnderWater World with your class at night, attend an exclusive seal presentation and enjoy dinner in our cafe.

Book your Sea Star Package today to avoid disappointment.

**Day Programs (please refer to table for other visit options).**

### INCLUSIVE EDUCATION FOR SPECIALIST GROUPS [3 HOURS]

UnderWater World welcomes all groups with different needs and offers specialised programs for each group.

#### Special Education

Tailored educational programs for students with special needs.

#### International Students

UnderWater World has daily interactions with many international visitors and warmly welcomes students from all nationalities.

**AT UNDERWATER WORLD** we have classrooms under the sea. Immersing students deep below the surface amid thousands of marine and freshwater animals and fostering a greater depth of understanding of aquatic life.

UnderWater World is a multi-award winning, all weather venue offering teachers and students a unique, safe and engaging environment where all students can participate in interactive and educational programs.

With an accumulated 20 years of scientific knowledge, our qualified Education Officers will teach your students how to apply knowledge, interpret data and discuss their understanding of how the under water world integrates with their own.

We have a program to suit everyone from a three hour lesson to a full scale overnight adventure camp. Using your valuable feedback we have developed a comprehensive suite of programs designed to fit within a range of time and budget constraints.

Whether it is our new Sea Star Adventure Camp or a three hour visit, our goal is to make your students' visit to UnderWater World a fascinating, educational and unforgettable experience.

## COMPELLING REASONS TO VISIT

**You and your students can experience:**

- Instructor-led educational programs designed to support and align with Queensland curriculum standards.
- Highly trained education staff with scientific backgrounds, removing barriers and providing more intimate experiences with animals.
- Our amazing interactive Touch Pool, a stunning 80 metre underwater viewing tunnel and one of our highly entertaining seal shows.
- An all weather venue that caters to all your excursion needs, from a three hour visit to the overnight adventure camp.
- A wide range of options and programs to suit your age group, time and budget.
- The rare and exciting opportunity to make connections between the classroom and real-life experiences where students can learn more about the wider world they live in.
- The perfect combination of entertainment and education

# AN OCEANS OF LEARNING PROGRAM FOR EVERYONE
